School Culture and Climate

Goal 5 - Modern Facilities and Safe & Secure Learning Environment

Strengths:

Providing modern facilities.... Last school year (2020-2021) we just opened a new AG Building for our students and this school year our school district will have a new stadium and additional classrooms 4-5 and office spaces at the high school. In addition, the entire school district including the 3 campuses have upgraded the camera system to provide a safe and secure learning environment to all students and staff.

Santa Maria ISD continues to provide a safe-learning environment to all students and staff by having a Police Officer in every campus (Elementary, Middle and High School). In addition, the Police Officers are present at campus events and activities as needed such as games, School events, Open House, etc...

Hall Pass program is utilized district wide to monitor visitors and part-time employees (contractors) in order to make sure that every visitor has clearance to be on campus grounds.

Each campus front door is controlled magnetically and is locked and secure at all times. Campus Officers are stationed at the front door for added security.

SMISD also has a software system in place in which campus administrators get notified of any flags such as: self-harm, sexual & physical abuse, bullying, bomb threats or violent behavior, and any inappropriate behavior.

Needs:

A fence is needed to secure the perimeter of all campuses (Elementary and Middle School).

The security cameras on school buses need to be replaced and/or updated.

Staff Quality, Recruitment and Retention

Staff Quality, Recruitment and Retention Strengths

Santa Maria ISD is currently in the second year of the Ivy Mentor Academy. The mentors were trained as one group on September 22, 2021, as an introduction to the Mentor Academy. The Ivy Inaugural Monthly Development which were the New Educators was held on September 23, 2021.

Each month until April 2022 the Ivy Inaugural Monthly Development will have both the mentor and new educator for different courses on mentoring both parties. The Ivy Inaugural Monthly Development is also the foundation for induction training for new and current educators. Teacher to student ratio 11.8 to 1 (State 15.1 to 1)

Teacher and student population are similar in demographics (98.2% to 98.6%)

Staff Quality, Recruitment and Retention Needs

Teacher experience (5.2 years & 1.5 with district)

Teacher turnover (District 31.8% to state 16.8%)

Retention Needs:

Santa Maria ISD will continue to monitor and evaluate different options to recruit and retain teachers/educators.

Comprehensive Needs Assessment

Staff Quality, Recruitment and Retention Summary

Goal 2 - Staff Quality, Recruitment, and Retention

The district maintains highly-effective personnel and provides current information to district, campus administrators, and the public as required. The district actively recruits, retains, trains, and sustains highly-effective personnel by posting approved job vacancies in the Region One Application website and advertisement through State and Local job fairs. The district utilizes Alternative Certification (AC) Programs and traditional university certification programs to actively recruit highly-effective personnel to serve the students of the district. Based on updates to Chapter 89 (approved 7/15/2018), the district of Santa Maria will recruit bilingual/ESL certified educators and multi-certified educators to allow and accommodate ESL student growth.

Each year, the district studies and proposes revisions to the instructional stipends including those stipends that support the needs of the district in the areas of special populations (certified Special Education, Advanced Academics (GT), and Bilingual). The district will continue to provide stipends to educators who acquire a Master's Degree in the field they teach or an Educational Leadership degree. This includes educators who teach in the secondary science, math, and dual enrollment courses.

Santa Maria ISD promotes opportunities for educators and staff to continue their professional growth through Region One Professional Development and district training.

The district continues its current employee recognition programs: Teacher of the Year, Retirement, and Service Awards.

Staff Quality, Recruitment, and Retention:

The district of Santa Maria Human Resource Department actively recruits educators through job fairs, in person, and online.

The district of Santa Maria Human Resource Department formally trains new educators through New Teacher Orientation and Professional Development training.

The district of Santa Maria Human Resource Department actively recruits and retains educators through stipends in secondary mathematics, science, social studies, ELAR, and Business Education.

The district of Santa Maria offers the retention bonus in November of each school year and perfect attendance stipend for all employees each Fall and Spring of each school year as approved by the School Board.

Family and Community Involvement

Family and Community Involvement Summary

Goal 4 - Parental Involvement

Strengths:

SMISD provides transportation for parents who need to attend meetings and/or classes.

SMISD provides various activities for parent's involvement such as ESL, sewing classes, socio-emotional classes, Nutritional classes, etc...

SMISD Family Engagement Specialist has constant communication with parents through various forms of communication such as face to face, phone, text, school website, ZOOM meetings, home visits, Facebook, parent portal, etc....

Need:

Increase parent participation in school meetings such as Open House, Meet the Teacher Night, etc...

Technology

Technology Strengths

- Providing filtered high speed internet services to students, staff and visitors district wide.
- Every core content area classroom contains a media system comprised of: high lumen LCD projector (wall or ceiling mount), document camera/visualizer, and high speed workgroup.
- District users provided with web based enterprise level Gmail and Google Apps accounts with real time collaboration and document sharing through the use of Google Drive.
- Public information infrastructure include: Family access (provides parent access to student grades, attendance, etc.), school to parent messaging with use of Blackboard Online Communication Services system for emergency and relevant information (phone call, text and email), district website, social media (Facebook), and a marquee.
- Purchase additional school owned devices (Chromebooks) to provide more classrooms technology rich content and learning opportunities.
- Additional Cisco managed access points to support bandwidth for additional devices (school owned and BYOD).
- Provide teachers/students resources for online textbooks and books to address literacy concerns (Myon and MackinVIA).
- Promote the use of e-learning, mobile technologies, and collaboration through Google Classroom.

Technology Needs

- SMISD needs to provide continuous technology integration, professional development, and support in all software programs adopted by the district.
- SMISD Technology Department needs to continue monitoring the Access Points throughout the campuses
- Technology Equipment for Network Infrastructure should be repaired as needed, maintained yearly, and replaced as needed.
- End user devices should be replaced every 4 years.

Technology Summary

Education, like many other fields, is rapidly transformed by new technologies. Smart personal devices, easy to navigate databases and ubiquitous connectivity are just a few of the relentless forces redefining the classroom and reshaping how students learn. The Texas Education Agency set forth the Technology Applications TEKS, a set of skills and guidelines, to assist schools in creating curriculum requirements for every course. Santa Maria ISD has established four core goals to support the campuses:

1. Provide technology-based solutions which promote and support the instructional needs of teachers and the learning needs of students.
2. Provide technology-based professional development for staff to enhance and increase effective use of technology tools.
3. Provide technology-based solutions and support to promote effective administrative use.
4. Establish and maintain a technology infrastructure that promotes communication and learning for students, staff and the community.

To meet the above goals, each PK-12 core content classroom is equipped with an LCD projector, a high resolution visualizer (document camera), camera, three desktop computers (PK-2) and high speed access to the Internet. All campuses are equipped with chromebook carts and are at a 1:1 student ratio. TGE labs have been updated with Chromeboxes. HS labs have been outfitted with new Windows based PCs.

As part of its commitment for enhancement of student and staff achievement, a technology plan is maintained and updated yearly. An annual review ensures an accurate analysis of district needs. Components of this review include:

1. Comprehensive online (technology related) instructional needs assessment for teachers (also based on Campus Improvement Plan feedback),
2. A yearly equipment inventory
